DESCRIPTION

Townhouse for sale in Begur, Centre

This historic luxury home for sale on the Costa Brava is one of the finest examples of 19th-century colonial-style houses in the region. It is a typical property from the time when wealthy Catalans who had made their fortunes in the Caribbean returned and built their own grand homes. This villa is located in the heart of the charming medieval village of Begur. The house is part of Catalonia's architectural cultural heritage and has been perfectly preserved for over a century. The property features painted ceilings and frescoes on the walls depicting typical scenes—many maritime—from 19th-century Cuba, where the first owner founded a tobacco factory. The home has been systematically updated and is in excellent condition, with all the comforts of modern living (including an elevator, modern kitchen, modern bathrooms, and central heating), making it a spectacular private residence. It offers four bedrooms, five bathrooms, extensive covered terraces with frescoed walls, and several large reception rooms. There is potential to add several more bedrooms or even convert the property into a luxury boutique hotel. The house is just 50 meters from Begur's main square and sits on a 1,779 m² plot with easy car access and ample parking. The property also features a beautiful garden with a swimming pool, decorative fountains, mature palm trees, a rose garden, orange trees, and magnolias. This is a unique opportunity to acquire a piece of history in one of the most beautiful and sought-after locations on the Costa Brava.
